PREMIUM WOOD FINISHES

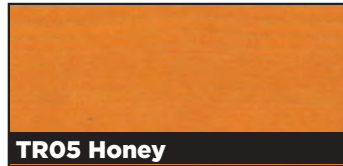

**COLOURS**

# Transparent TR Series

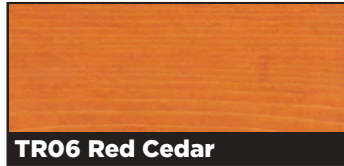

Timber Pro TR series enhances and magnifies rich wood tones found in nature. Using our Trans Oxide and Micronized pigments, the TR series provides excellent colour retention and long-term performance.

**TR04 Charcoal Grey**

**TR05 Honey**

**TR06 Red Cedar**

**TR07 Redwood**

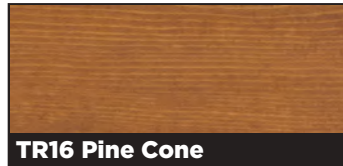

**TR11 Natural Gold**

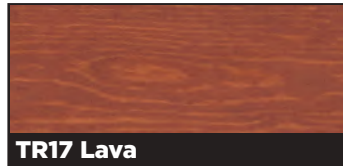

**TR13 Antique Pine**

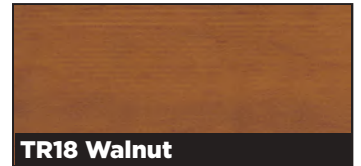

**TR15 Café**

**TR16 Pine Cone**

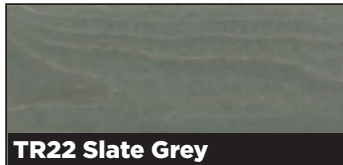

**TR17 Lava**

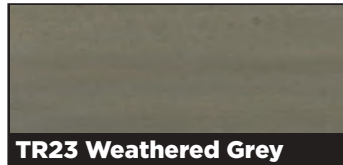

**TR18 Walnut**

**TR19 Wheat**

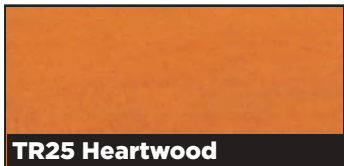

**TR22 Slate Grey**

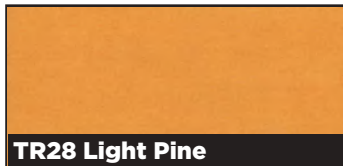

**TR23 Weathered Grey**

**TR24 Driftwood**

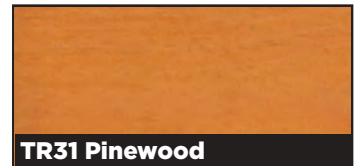

**TR25 Heartwood**

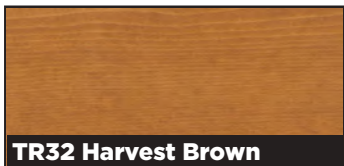

**TR28 Light Pine**

**TR29 Dark Pine**

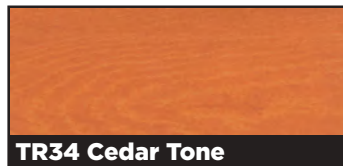

**TR31 Pinewood**

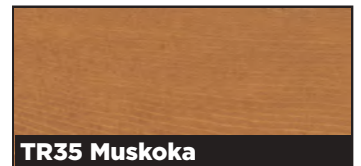

**TR32 Harvest Brown**

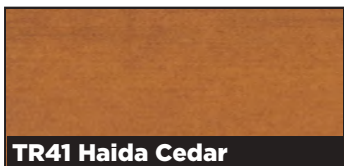

**TR33 Woodbridge**

**TR34 Cedar Tone**

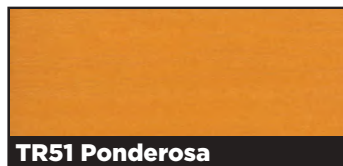

**TR35 Muskoka**

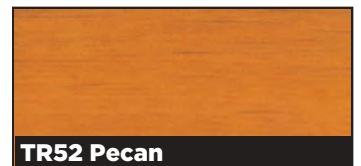

**TR41 Haida Cedar**

**TR50 Natural Oak**

**TR51 Ponderosa**

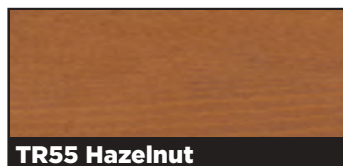

**TR52 Pecan**

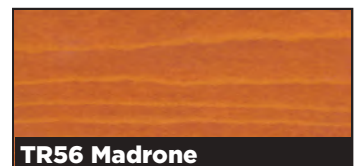

**TR53 Tamarack**

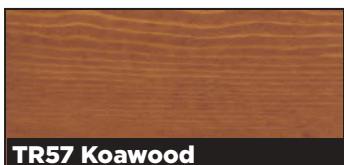

**TR54 Myrtlewood**

**TR55 Hazelnut**

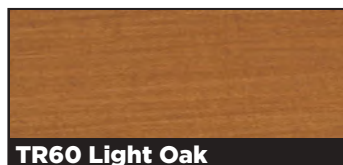

**TR56 Madrone**

**TR85 Teak**

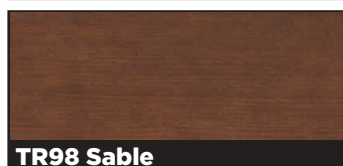

**TR90 Dark Oak**

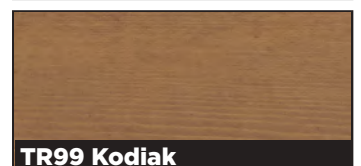

**TR96 Natural Light (formerly XP96)**

**TR97 Medium Walnut**

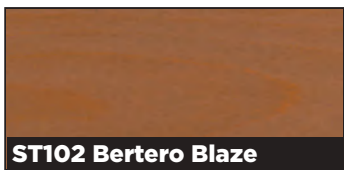

**TR98 Sable**

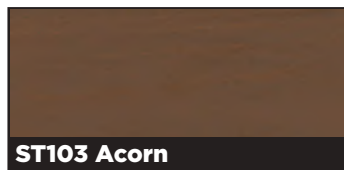

**TR99 Kodiak**

## Semi Transparent ST Series

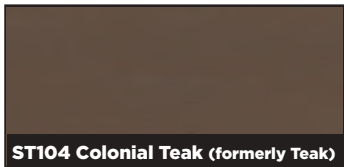

**ST102 Bertero Blaze**

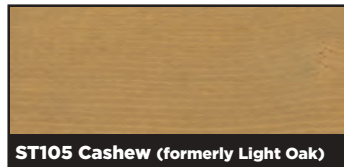

**ST103 Acorn**

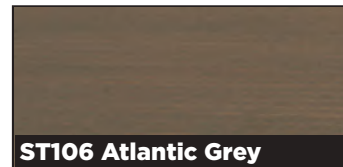

*Timber Pro Semi-Transparent stains have an increased pigment load which improves UV protection, enhances woodgrain, and texture, while still allowing original wood tone to influence the final appearance.*

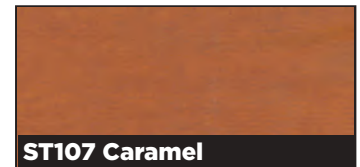

**ST104 Colonial Teak (formerly Teak)**

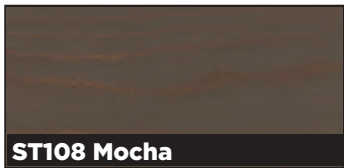

**ST105 Cashew (formerly Light Oak)**

**ST106 Atlantic Grey**

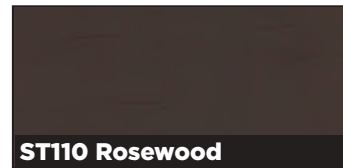

**ST107 Caramel**

**ST108 Mocha**

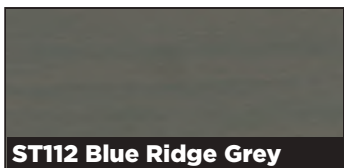

**ST109 Cocoa (formerly Mahogany)**

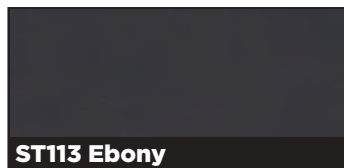

**ST110 Rosewood**

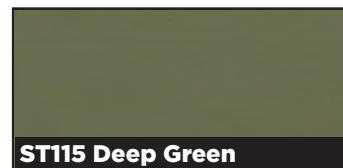

**ST111 Smoke Blue**

**ST112 Blue Ridge Grey**

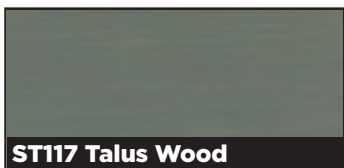

**ST113 Ebony**

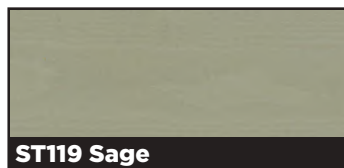

**ST115 Deep Green**

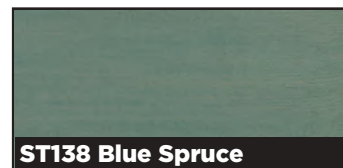

**ST116 Pave Stone Red**

**ST117 Talus Wood**

**ST119 Sage**

**ST138 Blue Spruce**

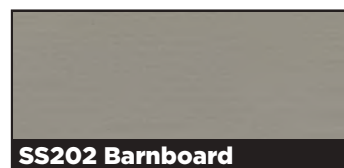

**ST151 Amber Rum (formerly Butternut)**

## Semi Solid SS Series

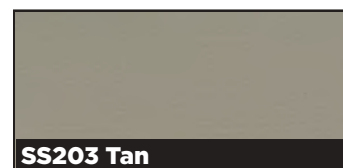

*Timber Pro Semi-Solid stains contain pigment loads that will mask the natural wood tone while still allowing grain and texture to be seen. Semi-Solid stains are high in UV protection and increase the timeline between maintenance coats.*

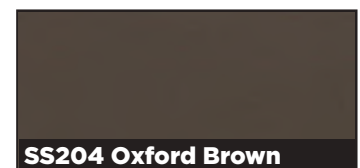

**SS201 Silver Birch**

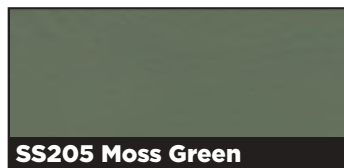

**SS202 Barnboard**

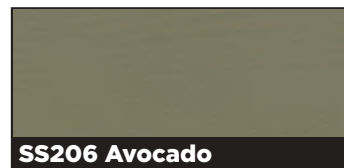

**SS203 Tan**

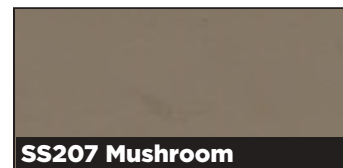

**SS204 Oxford Brown**

**SS205 Moss Green**

**SS206 Avocado**

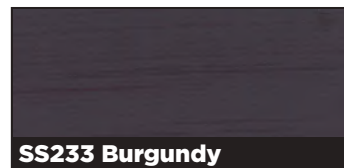

**SS207 Mushroom**

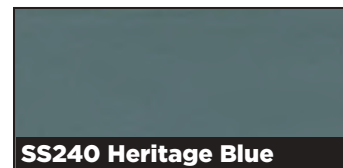

**SS214 Silver Grey**

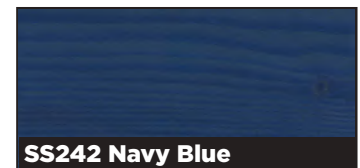

**SS222 Cape Cod Grey**

**SS233 Burgundy**

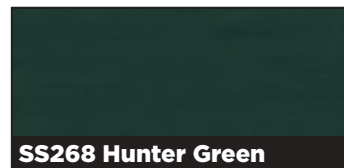

**SS240 Heritage Blue**

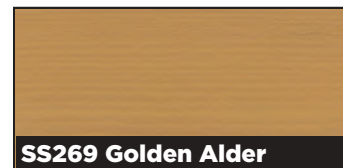

**SS242 Navy Blue**

**SS260 Forest Green**

**SS268 Hunter Green**

**SS269 Golden Alder**

*Colours on this chart represent 2 colour coats of stain brushed on White Pine wood. Colours shown are as accurate as digital print allows. Note that inks can fade over time and alter the colour chart. The outcome of colour is affected by wood species, texture, age of wood and wood surface preparation. A test sample is recommended before ordering.*

# Colour Trends

Timber Pro 400 Series of stains are trending colours developed to keep us current. Trend colours are always being added to the selection. See the complete colour collection at: [timberprocoatings.ca/colours/colourtrends](http://timberprocoatings.ca/colours/colourtrends)

# Vintage Colours

Timber Pro Vintage Colour stains were colours popular in the 70s and 80s. Traditional colours, used for interior and exterior applications, are still in demand today. Great choices to replicate, lodges, cabins, hunting camps, generational cottages, if you are looking for nostalgia, you will find it in this colour group.

# 880 Solid Series

Timber Pro Solid stains contain the maximum pigment load to provide an elevated level of UV protection, an opaque stain that still allows for wood grain and texture to be visible. Truly unique within the industry. The 880 collection will provide the solid colour options you have been looking for.

\*Note: 880 colours are made in three bases: Neutral Base, Deep Base, White Base. All Dealers stock Neutral Base, not all Dealers stock Deep Base or White Base. These two bases can be ordered as required; additional fees may be charged by the dealer.

Trend/Solid colours were developed in our Clear XP base, although the formulas can be used in all our tintable bases, if used in our oil base products, colour will shift slightly as oils are amber not clear.
